## **Apostrophe**

An apostrophe can be used to show when a word has been made shorter by dropping one or more letters. This is called a contraction. You usually use contractions in informal writing or when writing direct speech.

eg.

**I am = I'm**

**did not = didn't**

**could not = couldn't**

**we are = we're**

**you have = you've**

**she will/she shall = she'll**

An apostrophe can also show ownership or possession. This is called a possessive apostrophe. Possessive apostrophes show that something belongs to, or is for, someone or something. Often, a possessive apostrophe is used with a possessive s.

eg:

If a singular word doesn't end in -s, add 's:

**The boy's pen.**

If a singular word ends in -s, add either 's or just ':

**James's hat; Nicholas' hat.**

If a singular word ends in -ss, still add 's:

**The princess's crown.**

If a plural ends in -s, just add ':

**The girls' bags; the visitors' car park; the calves' horns.**

If a plural doesn't end in -s, add 's:

**Men's coats.**

An adverb tells you **how, when, where or how often** something happens.

Later, a cat crept up the tree as the little green bird eagerly pecked the juicy apple twice and ate it noisily.

Some adverbs make a comment or link ideas.

eg.

Fortunately, we won. However, the other team played well.

Some adverbs are used to say how likely or possible something is.

eg.

We'll definitely come to the party.

Some adverbs are used for emphasis.

eg.

The bag was terribly heavy.

# Grammar

## **Inverted commas**

Inverted commas, or speech marks, show when people are actually speaking.

The punctuation at the end of the spoken words always comes inside the final set of inverted commas.
